

CISC 667

Introduction to Autonomous Driving

Lecture 7
Oct 29, 2025

Today's Outline

- Indoor Mapping and Localization

Start the vehicle and the LiDAR sensor

1st terminal

- `cd ~/NavOS/src/ada/launch`
- `./start.sh`

2nd terminal

- **`sudo -i`**
- `ros2 run control_center control_center_node`

3rd terminal

- **`sudo -i`**
- **`# For Groups 234`**
- `ros2 launch sllidar_ros2 sllidar_s2_launch.py`
- **`# For Group 1`**
- `ros2 launch sllidar_ros2 sllidar_s1_launch.py`
- visualize the data in rviz2

After #123

- Connect controller via bluetooth
- press R1 to engage controller mode
- Hold L2, and move left joystick to drive

Tasks

- Collect data from Fintech 3rd floor.
- Create map
